Accommodation

Accommodation is in two buildings:

The Main Building has large, twin/double-bedded rooms, triple rooms and multi-bedded rooms. Each room has an ensuite shower and w.c. Some rooms have balconies with sea views. All rooms have air-conditioning in summer and heating in winter.

The Small Building has smaller rooms, all with ensuite facilities. Most rooms have views over the garden. These rooms are not air-conditioned.

The pool and vine-covered dining area are spacious and have fantastic sea and mountain views. The Pool filtration system uses a natural salt and a very weak chlorine solution (less chlorine than a normal swimming pool). Pool available May – October.

The Food

We specialise in healthy, home-made, vegetarian and vegan fare, much of it organic. When available, we use produce from our own organic fruit and vegetable gardens. Breakfast and dinner every day are included in the half-board rates. Drinks are not included. Other meals, snacks and drinks are available from the hotel at extra cost. Special Considerations

The Faralya is a comfortable two star hotel. Rooms are cleaned and linen is changed once per week (you can ask for this to be done more often, if you wish). The beautiful mountain road has breathtaking views. Transport arrangements are as described above. If you would like more flexibility, we suggest you hire a car. We can help to arrange this in advance, if you wish.

Our 'independent breaks' are suitable for single people who are happy to travel independently, and for couples and families. Our Turkish hosts will make you very welcome. There is no VegiVentures rep or guide service. Our transfer arrangements include meeting you at Dalaman airport, and transport back to the airport for your return flight.
