

Unity Yoga & Partner Yoga Retreat with Sevanti 27 August – 3 September 2012

Sevanti's Yogic journey began at an early age, enhanced while studying a degree in Contemporary Dance at The Laban Centre, London. Yoga Teacher Training followed in 1996, which opened doors to Healing and related Bodywork. She became a Reiki Master, and soon fused her teaching and therapies to form her retreat company. Sevanti's passion for her chosen path has guided her to establish two Diplomas in Yoga Teacher Training and Massage.

The essence of Sevanti's work is sacred, whilst remaining down to earth and available to everyone. She teaches with humility, acceptance and an open mind. She is now working on her own Massage Energy-work system called 'Earth Essence Therapy'. Sevanti also Facilitates and Directs for Skyros Holistic Holidays in Greece, Thailand and the UK.

Families are welcome on this retreat, and a crèche for the children to have their own fun is available at extra cost for children under 5. There will be beautiful quiet areas for those travelling without children, and the crèche is scheduled during class and workshop times, so that parents get to unwind too! There will also be parent & child classes to enjoy together... So, something for everyone, and time for the whole community to enjoy this magical Turkish retreat together!

Price: 7 nights: £450 per person, full-board, based on sharing a twin/double room excluding flights and transfers. Rooms are spacious with en-suite and a/c. Full-board includes breakfast and dinner every day and lunch on five days.
